

Mayor

DAVID MILLER

A Message from the Mayor

It gives me great pleasure to extend congratulations to Future Shop for the *Future Generation Program*, an initiative aimed at enhancing educational opportunities by providing students with access to new technology.

Since 2001, Future Shop has awarded 440 post-secondary scholarships to the Boys and Girls Club of Canada and donated 425 computers to help expand the national technology learning program for children. The most recent project includes two newly renovated technology labs in Toronto high schools, providing a welcoming and learning environment for students and the technology needed to further their interests.

Children are the future architects of society and it is our responsibility as parents, educators and leaders to create environments that will nurture their talents and inspire them to strive for personal success and academic excellence.

On behalf of Toronto City Council, I would like to extend my congratulations to Future Shop on its commitment to the *Future Generation Program*. Please accept my best wishes for continued success.

Yours truly,

A handwritten signature in cursive that reads "David Miller".

Mayor David Miller
